

Half –Termly Topic Plan

Year 3 Autumn 2

	Topic – The Stone Age
English	<p>Reading and Writing: In Literacy, the children will be reading <i>The Wild Way</i> home and <i>Stone Age Boy</i>. We will be writing our own stories set in the stone age and producing an information booklet about life during this period.</p> <p>Grammar, Punctuation and Spelling (GPS): In grammar, the children will learn about adjectives, nouns, verbs and determiners, and how these can be used effectively in their writing. The focus in spelling will be on prefixes, suffixes and homophones.</p>
Maths	<p>Multiplication and Division: children will be developing their understanding of the 2, 5, 10, 3, 4 and 8 times tables and applying these skills to complete a variety of multiplication and division problems.</p> <p>Addition and subtraction: securing understanding of place value and addition and subtraction strategies</p>
Science	<p>Our Science topic for this half term is Light. We will look at how we need light in order to see things and that dark is the absence of light. We will look at how light from the Sun can be dangerous and that there are ways to protect their eyes. The children will also look at how shadows are formed when the light from a light source is blocked by a solid object, and find patterns in the way that the sizes of shadows change.</p>
History	<p>Stone Age: This term we will look at evidence that will teach us how people lived during the stone age. Children will use different sources to research information and gather facts to make their own information book. Skipton Museum will be providing a workshop at school where we will be able to handle artefacts from this period.</p>
Computing	<p>This term in Online Safety, we will be learning about Online Relationships: learning about behaviours and relationships which build positive online interactions. We will also be learning about desktop publishing. The children will start to add text and images to create their own pieces of work using desktop publishing software. The children will also look at a range of page layouts, thinking carefully about the purpose of these, and evaluate how and why desktop publishing is used in the real world.</p>
Art / DT	<p>In Art the children will be looking at the Stone Age cave paintings found in Lascaux and create their own interpretations with a focus on line and texture. In DT following on from their work on architecture last half term, the children will look at creating stable structures. They will then evaluate their finished product.</p>
Music	<p>In Music, the children will listen to 'March' from The Nutcracker by Tchaikovsky. They will develop their active listening skills by responding to</p>

	musical themes and identifying repeated patterns. The focus will also be on showing how the music might look or move if it were visible.
P.E.	This half term the children will develop their teamwork, batting and catching skills through cricket. They will also be linking together a sequence of dance moves and perform this routine to the class.
R.E.	This half term the children will look at what the Trinity is through art, reading stores and discussion.
French	In French this half term, the children will continue to work on Greetings . They will learn how to ask and answer questions about themselves and others.
PSHE	Our relationships shape our sense of belonging, our feelings of identity and purpose, our self-esteem and our overall wellbeing. In PSHE, the children will learn about the different relationships people have and how to recognise and build strong and healthy ones. They will also consider when secrets are okay and not okay, and how to turn to a trusted adult if a relationship doesn't feel good.

Everything we do is rooted in our belief that all human beings are loved and cared for by God
