

TUESDAY 7 JUNE
ST MARY'S CHURCHYARD
BIODIVERSITY COUNT

Anytime from 11am to 7pm

You'll be recording species and from 2pm there will be a local expert to help with identifications – others with some knowledge, and charts, will be available to help with identification at other times.

Refreshments available in the afternoon.

A dedicated green space for 169yrs

Help us celebrate our churchyard in Love your Burial Ground Week

You'll be recording the species you see and taking part in a national survey.

Equipment provided but do bring your own hand lens or magnifying glass if you have one.

Hunt for lichens using our Lichen Trail
